

Learning about Careers!

We are going to use "Paws in Jobland" to learn more about careers and what you might like to do when you finish school. Click on "Job Finder" and take the quiz to start.

1. After the quiz is done, certain areas of Jobland will light up to suggest what careers might be good for you. Write down three of those areas that look fun to you:

science, technology, Engineering
and mathematics, Architecture
and construction, Finance

2. Click on one of the areas you wrote down. Write down two jobs you want to learn more about:

Engineer and Astronaut

3. Each job on the website has a person who will talk about what it is like to have that career. Write down something new you learned about a job you are interested in:

I learned that engineers
build a lot of things like
power plants and I also
learned that astronaut medics

4. Did you like using this computer program? (circle one) star 5/5

Yes No
Why? because you learn new things
(Sometimes at least).
